

BOAT TYPES

THERE ARE AVAILABLE ALL THE BOAT TYPES GIVEN HERE BUT NOT ALL OF THEM ARE AVAILABLE AT ALL THE RIVER STRETCHES.

FIND THE INFORMATION ON AVAILABILITY BY THE BOAT DESCRIPTION

Child's Sit on top: SX 230

- **producer: DAG (France)**
- no. of people: 1 child
- allowable load: 70 kg
- weight: 12 kg
- length: 230 cm
- width: 67 cm
- child's variant
- **to rent only for the stretch– Čerčany - Týnec nad Sázavou – Pikovice**

Sit-on-top SX 230 is the first fantastic vessel for the smallest who can learn the basic water sportsman skills on it in an enjoyable way. It is very stable and easy to control. Both, who will sit on it for the first time or those more experienced when sailing down the rapids, will have great fun on it.

Sit on top: SX 285

- **producer: DAG (France)**
- no. of people: 1
- allowable load: 130 kg
- length: 285 cm
- width: 71 cm
- weight: 22 kg
- **to rent only for the stretch Sázava - Čerčany – Týnec nad Sázavou - Pikovice**

Sit on top XS 285 will enthuse you with its high level performance on water but also with its sailing security. It is fitted with the “Carl” system (Cue:anatomically adjustable length)which enables to support the boat well with knees. And though not seemingly, it has partly taken over the characteristic of a standard kayak.

Sit on top: Taiki

- **producer: DAG (France)**
- No. of people: 1
- length: 345 cm
- width: 80 cm
- max. load: 150 kg
- weight: 22 kg
- There is also included a life jacket, a kayak paddle and a barrel in the set price.
- **Recommended for a more day trip from Stvořidla up to Pikovice.**
- **It is possible to rent these boats from Stvořidla up to Pikovice.**

Taiki is a versatile tourist boat, suitable for every environment type. The shell shape offers a great stable platform. The sitting place is comfortable, the total weight has been decreased so that it is suitable for lighter riders and children. Thanks to the space on the stern one barrel is easy to place there.

Sit on top: Tarka

- **producer: DAG (France)**
- No. of people: 2–3
- length: 445 cm
- width: 85 cm
- max. load: 210 kg
- weight: 45 kg
- **Recommended for a more day trip from Stvořidla up to Pikovice.**
- **It is possible to rent these boats from Stvořidla up to Pikovice.**

Tarka is so to say unsinkable tandem with a self-pouring out system which can sail anywhere and with a total security. Just sit and dip the kayak paddle into water, everyone can really make it.

Sit-on-top: Tribal

- producer: DAG (France)
- No. of people: 2
- characteristic: a sport, playful and stable boat for 1-day trips
- accessories: kayak paddles
- usage: water level (Nespeky) min. 45 cm – max. 230 cm
- **to rent for the stretch Sázava - Čerčany – Týnec nad Sázavou – Pikovice only**

Tribal is a stable, resistant and thanks to its space practical boat. Suitable for the beginners, schools even on higher water level and for the experienced water sportsmen too. It is built for **two** (possibly three) **water sportsmen**. It is an ideal boat for a 1-day trip travel light. The central seat enables one man to paddle but it also

makes possible to carry a bigger child. The stern serves for storing baggage in one barrel. Warning: **Please take into account it is a boat for sunny weather. You will definitely get wet.** If you want to have Sit on top for more days, we recommend to rent the Sit on top: Tarka.

Canoe: Vydra

- producer: Maku
- No. of people: 2
- dimensions: 445 x 80 cm
- payload: 300 kg
- weight: 38 kg
- material: polyethylen
- characteristic: a tourist canoe suitable for stagnant water too
- **to rent from Stvořidla to Pikovice**

Vydra (38 kg) – a lighter tourist canoe, easy to control, originates from laminated Vydra. It has been the most favourite boat type for the Czech water sportsmen with a long tradition and history. It has a great driving properties. The seats made of wood are not so comfortable but the water sportsman sits in a dry place. There are drilled holes of a diameter amounting to 20 mm for an easy pouring out on both ends of the boat. Two barrels can fit in the boat.

Unbreakable Polyethylen Canoe: DAG

- **producer: DAG (France)**
- No. of people: 2 + 1 (child)
- type: Ardéchois
- dimensions: 460 x 90 cm
- weight: 45 kg
- payload: 280 kg
- characteristic: a very stable family canoe
- **These boats are possible to rent from Stvořidla to Pikovice.**

Dag (45 kg) a wide, heavier, very stable tourist canoe suitable for the beginners and the parents with their children. There is an air bag under each sitting place which secures unsinkability of the boat. The seats are comfortable, moulded directly from the boat material and being its part. There is also a carrying strap for fastening the barrel as a part of the boat. The boat has been fitted with the third seat (newly in the middle of the boat instead of one barrel). Children sit in the sailing direction and they can paddle too. We provide only one barrel to Dags. If you sail in two only, you can book another barrel additionally. If fully taken (three water sportsmen – 2 adults and 1–2 small children) – only one barrel. (The second will not fit in!!!) The baggage transport service on the Sázava River is recommended.

CANOE RIVIERA

- **producer: RTM Kayaks**
- No. of people: 3
- dimensions: 464 x 90 cm
- payload: 295 kg
- weight: 43 kg
- material: polyethylen
- characteristic: a stable family canoe
- **to rent from Stvořidla to Pikovice**

It is a very stable boat which offers a bigger space for the crew and their luggage. 3 adults and a lot of luggage, possibly 2 adults, 2 children and their luggage can comfortably fit in. Water is poured out in the same way as with other common canoes.

Inflatable 5-seat raft Denali

- **producer: ROBfin (Czech company)**
- characteristic: a stable boat for 4–5 people
- dimensions: 350 x 165 cm
- weight: 36 kg
- **to rent from Stvořidla to Pikovice**

A smooth setting-up and a new style of the bottom arrangement is what makes these rafts quick and easy to control at the same time. The placement of the self-pouring out bottom guarantees a comfortable sitting and a good boat pouring out. It is especially stipulated for common water terrains but it is also useful for more day raft trips or even for very wild water for experienced riders. There are security anchorages for the riders' feet and a reinforced bottom. An efficient air pump belongs to accessories.

Inflatable 7-seat raft Denali

- **producer: ROBfin (Czech company)**
- characteristic: a stable boat for 6–7 people
- dimensions: 400 x 165 cm
- weight: 36 kg
- **to rent from Stvořidla to Pikovice**

Raft Denali is designed and made as a quick, spacious and light raft stipulated for a recreational sailing on our or foreign rivers. It is for both, beginners and experienced crews, where everyone can take part in controlling the boat. A smooth setting-up and a new style of the bottom arrangement is what makes these rafts quick and easy to control at the same time. The placement of the self-pouring out bottom guarantees a comfortable sitting and a good boat pouring out. It is especially stipulated for common water terrains but it is also useful for more day raft trips or even for very wild water for experienced riders. An efficient air pump belongs to accessories.

BOAT ACCESSORIES AND WATER SPORTSMAN EQUIPMENT

Child's life jacket: Baby

- **producer: Hiko sport**
- A life jacket for the smallest water sportsmen.

It has been attested by certificate as a life jacket with possible use even for non-swimmers. There is a lower strap for securing against falling through. This life jacket is stipulated for pre-school children.

Life jacket: BALTIC RENT

- **producer: Hiko sport**
- sizes: S/M, L/XL, XXL

The life jackets of the Baltic Rent type, which we use, distinguish themselves by a simple design and an easy manipulation. The unzipping in the front and the fastening system secure a comfortable putting on and wearing. It has two side straps and one in the waist for a perfect fastening on the body.

Helmet: Life

- **producer: Hiko sport**
- Helmets are rented only with kayaks.
